

# Ananya Agrawal

Financial Analyst

## Summary

Performance-driven Finance Professional with 3 years of progressive experience specializing in financial analysis, data analytics, and management reporting. Highly adept at executing data-driven variance analysis, designing integrated financial forecasts, and transforming complex raw data into decision-ready insights for senior executives and institutional lenders. Expertly bridges accounting workflows and business intelligence by utilizing SQL, Power BI, Power Query, and Advanced Excel to automate financial models, accelerate reconciliations, and optimize cash flow transparency.

## Work Experience

March 2026 - Present

FINANCIAL ANALYST (FIXED TERM BASED)

AV Universal Corp

- Appointed to design, structure, and scale the corporate finance function from the ground up, ensuring strict alignment with US accounting standards and optimize reporting frameworks via QuickBooks and Apparel Magic ERP.
- Formulate monthly SKU and brand-level performance models using Advanced Excel and SQL data extraction, delivering actionable variance analysis for executive management.
- Spearhead regular cash flow monitoring by engineering interactive Power BI dashboards, ensuring systemic data discipline across all operational channels.
- Supervise vendor payment controls and safeguard working capital, leveraging Power Query to automate data cleansing and enforce data integrity parameters

(JAN 2026 - MARCH 2026)

ACCOUNTS LEAD (FIXED TERM BASED)

Nordrux INC

- Retained directly by the CEO to handle full-cycle corporate accounting, transactional integrity, and compliance with US accounting and taxation.
- Engineered strategic financial reports, cash flow forecasting models, and macro fiscal planning data for leadership utilizing Advanced Excel.
- Streamlined the complete cycle of accounting workflows, facilitating clear cross-border communication and seamless service delivery for US clients.
- Coordinated systemic financial data tracking and parallel reporting models with external CPA teams to streamline year-end taxation and payroll integrations

(JUNE 2025 - DECEMBER 2025)

FINANCE AND STATUTORY AUDIT EXECUTIVE

Taxplore Business Solutions Pvt Ltd

- Managed financial advisory, liquidity reviews, and trend analysis for a diverse client portfolio to drive executive choices.
- Built interactive Power BI dashboards and Excel MIS reporting frameworks to optimize multi-entity transaction clarity.
- Executed robust statutory audits and analytical balance sheet scrutiny for 80+ corporate clients.
